THE JOURNAL OF THE

ROYAL SOCIETY OF MEDICINE

AND THE ASSOCIATION OF MEDICAL JOURNAL EDITORS

The Journal of the Royal Society of Medicine and the Association of Medical Journal Editors is a peer-reviewed journal of medicine. It is published by the Royal Society of Medicine, which is a learned society of medical professionals. The journal covers a wide range of medical topics, including clinical medicine, public health, and medical law. It is one of the leading medical journals in the world, and its content is highly respected by the medical community.

The journal is published quarterly, and its content is highly respected by the medical community. It is one of the leading medical journals in the world, and its content is highly respected by the medical community.

GATOR TOUGHNESS-CAT GRIP!

HE'S A TOUGH CUSTOMER, THE ALLIGATOR! From hide to heart he's built to take punishment and like it! Now, that's the kind of toughness *you* want in a bike tire! And that's the kind of toughness we've given you in the new U. S. Royal Rider! *Super* tough Rayon Cord Carcass! *Super* Tempered Rubber hide!

YOU'VE HEARD IT SAID: 'SUREFOOTED AS A CAT!' Well, no Mountain Cat, stalking his prey, has a surer "grip" on the ground than you get on the road with the Royal Rider's new Super Grip Tread! On slippery pavements, and around treacherous curves, Royal Rider's hundreds of sharp-edged gripping "claws" resist slips, start you faster, stop you quicker.

HERE'S A SNAPPY, STREAMLINED TIRE

... that's as fast and tough as they come!

Take a look at one of those sleek new U. S. army fighting planes! Then size up this new U. S. Royal Rider tire! You'll see the same principle of construction—more speed, more strength-per-pound—with less power needed for faster starts, quicker stops, longer glide or coast, and greater life span! Then take this tip—equip your bike today with the most modern tire in America!
